### About me :

I am a dedicated Frontend Developer with a diploma in Information Technology and over two years of professional experience. My background equips me with a strong foundation in creating visually appealing and user-centric web interfaces. I excel in translating design concepts into dynamic, responsive websites using the latest frontend technologies. I thrive on solving complex problems and am committed to delivering high-quality, innovative solutions that enhance user experience.

I also participate in different college events like hackathon. I take great experience like teamwork from hackathons.

### Education Detail :

Class	Percentage
10 th	88.22
Diploma	Completed

From year september-2022 To July-2025, I have complete my 3 year diploma course in Information Technology.
